WORK EXPERIENCE

Frontend - Full-Time

Oct 2022 - Nov 2023

[Botwavetech.com](https://botwavetech.com) | Auckland, New Zealand (Remote)

- Created WordPress solutions for clients, ensuring smooth website operation.
- Enhanced user experiences and design using HTML, CSS, JavaScript, React, and Tailwind CSS.
- Utilized Git and GitHub for version control and collaboration in development projects.

Freelance WordPress Developer

May 2020 - July 2022

Freelance (Remote)

- Completed multiple projects spanning full WordPress website development and optimizations.
- Proficient in HTML, CSS, JavaScript, WordPress, Elementor Pro, Hostinger, SEO.
- Leveraged various technologies to meet client needs and deliver high-quality solutions.

PROJECTS

React Movie Search Application

[View in GitHub](#) | [Website](#)

For my first project, I developed a React-frontend web application utilizing React, JavaScript, Tailwind CSS, and CSS. Integrated TMDB movie API and npm libraries. Overcame challenges like API calls and React library issues.

Botwavetech Website Development

[View in Botwavetech](#)

Designed and developed the entire website for Botwavetech, a startup based in New Zealand with a team of 10. Served as a front-end web developer for one year, handling multiple client projects and contributing to the growth of the company's online presence.
